Rep. Walter T. Kerr Asks Voters' Opinion

Walter T. Kerr of the 9th Hampden District, which is made up of Agawam and Precinct 8 in West Springfield, recently sent out questionnaires to 20% of the voters or about every fifth voter. Professional pollsters check 10% of the people and consider a return of 9-10% good.

The questionnaire has 16 questions about legislation that will come before the legislature during the present session. This type of thing has not been done by state legislators in the past. However, several Mass. Representatives are trying some form of questionnaire for the first time to obtain the voter's opinions on issues.

The results will be released in the news.

NEWS FOR VETS

The Veterans Administration recently completed interviews with some 450 Civil War widows on it's rolls to see if they might not be eligible for the \$50 extra monthly pension provided those who require the regular aid and attendance of another person.

A total of 437 such widows now receive the VA's "aid and attendance" allowance compared to 110 before the interviews.

The United States provided for payments to disabled Union veterans and widows in 1861-62 even before President Lincoln said, in his second inaugural address,

March 4, 1865, "Let us strive ... to care for him who shall have born the battle and for his widow, and his orphan ..."

Confederates were added to VA compensation and pension rolls in July 1958 and today 51% of the widows on the VA rolls are from the South.

Widows of Union and Confederate soldiers range in age up to 107.

The last Confederate veteran, Walter W. Williams, Houston, died Dec. 19, 1959, at the age of 117. The last Union veteran, Albert Woolson, Duluth, died Aug. 2, 1956, at the age of 109.

AGAWAM LODGE
Loyal Order of Moose
No. 1935

Welcome to Moosehaven

Senior citizens arriving at Moosehaven to take up residence get friendly greeting and are made to feel at home by the residents. The large Moosehaven sign with the Moose emblem underneath it stands as a symbol of security for many an aged resident and his wife.

Membership in the "25 Club" of the Loyal Order of Moose is attained by sponsoring a minimum of 25 candidates for membership in the Moose Fraternity.

The 25 Club was organized at the international convention of the Order at Des Moines, Iowa in 1940 to give recognition to Moose members who have given that "extra effort" to keep the fraternity strong and growing.

Today, more than 36,000 men of the Moose have qualified for membership in this coveted organization and more become members each day.

A new 25 Clubber receives the gold 25 Club pin with diamond inset, often referred to as the "emblem of leadership." As he sponsors more new members, he advances to the 50 Division and then on through the 75, 100, etc.

As he advances to each higher division, he exchanges his 25 Club pin for a more valuable one until he reaches the 1,000 Division at which time he is awarded a pin with one large diamond and nine smaller ones — one for each 100 new members.

In addition, when he reaches the 250 plateau he is also given a life membership in the Order by his lodge.

This is not the only recognition extended to 25 Clubbers for their extraordinary efforts on behalf of the fraternity. A special 25 Club party is held by every state association annually and one of the highlights each year of the international Moose convention is the elaborate party for new and qualifying 25 Clubbers.

Round The Town

The Ladies Aid Society of the Agawam Congregational Church will hold their meeting on Thursday, the 26th. The meeting will be preceded by a luncheon to be served at noon in the parish hall.

Lee Anne Sandlin, daughter of Mr. and Mrs. Herman Sandlin of 90 Granger Dr., Feeding Hills, was chosen one of the six semi-finalists in the Miss Pee Wee New England Beauty Contest held recently at the High Point Motor Lodge, Chicopee.

She will represent the Springfield area in the Miss Pee Wee of New England Pageant in Groton, Conn., on April 4th and 5th for the title of "Miss Pee Wee of New England."

Lee is three and half years old and has three brothers, George, John and Paul.

Apollo 13 Landing Plans Set

Washington

Details of the Apollo 13 moonflight — set for an April 11 blast-off—have been firmed up.

A-13 is scheduled to head for a hilly lunar upland, Fra Mauro, near a huge crater gouged out by a meteor billions of years ago. Rocks in the area may give some idea of the moon's interior composition.

Two holes will be dug, 8 to 10 feet deep, to measure heat flow in and out of the moon and to recover subsurface soil samples.

Quarantine Planned

Basic quarantine procedures will apply following the flight, because of the new type of lunar surface involved (an upland as against the mares where Apollos A-11 and A-12 landed) and because the deeper bore samples might contain organisms.

To cope with lunar dust on equipment (a problem on previous flights), A-13's men will carry a nylon whisk broom to clean off their suits prior to reentering the lunar module, Aquarius, plus a camel's hair brush for camera lenses.

Water In Bag

They will also carry drinking water on their two 4 to 5-hour moon walks. It will be stowed in a small bag with a tube in the neck of their pressurized suits.

The astronauts will lug along a 16mm. movie camera on those walks, something previous moon walkers did not do. Because the color TV camera on A-12 was inadvertently knocked out by solar glare, there will be stricter regulations on camera handling, plus a backup black and white camera.

Suited astronauts are hard to tell apart in photographs. So, while Astronaut Thomas K. Mattingly II orbits above in Odyssey, James A. Lovell Jr. will sport a red band on arm and leg to distinguish him from Fred W. Haise Jr. on the moon's surface.

The lunar-soil payload is expected to be around 95 pounds, though the astronauts could bring back as much as 166 pounds of rocks and dirt.

A Welcome To Easter

Every holiday is accompanied by certain customs and traditions. Most of them are characterized by exhausting, frenetic activity. Even Christmas, with its centuries-old religious connotation, leaves participants exhausted from holiday festivity. Other holidays are marked by equally strenuous exhibitionism. Memorial Day is inextricably linked to the "Indianapolis 500"—a gruelling death-defying auto race. Labor Day and the Fourth of July have become occasions for a mass exodus to the seashore and mountains that make the trek of Hannibal and his elephants pitiful by comparison.

Perhaps because of its antiquity, as well as its meaning to Christians, there is one holiday that is commemorated in a different manner. Easter, which this year is observed on March 29, is usually a quiet occasion. Children hunt their colorful Easter eggs in the cool dampness of a spring morning. Instead of heading for the mountains or the seashore, millions of Americans make a special effort to go to church on Easter Sunday.

Easter is a wholesome kind of holiday. It gives everyone an opportunity to recuperate in a small measure from the harassments of daily life. Its coming will be more than welcome.

SPORTSMEN'S CORNER

By BILL CHIBA

"Have you seen any wildlife lately?" This is the theme of the National Wildlife Week.

The question is applicable to our state. We have wildlife as anyone can see by the dead rabbits, squirrels and possums with an occasional raccoon on the highways of Agawam and surrounding communities. What insurance do we have that our outdoor assets will be around in future years?

The recommended insurance policy will be new control measures, the tightening of environmental laws sorely needed to cope with the apathetic, short-sighted, unthinking, careless and selfish segments of the human population. If such people did not exist, the laws would not be needed,

but to have such a utopia is only dreaming.

In order to understand the fine print of this needed insurance policy, it would behoove every concerned citizen to do some homework on ecology... a word that Americans should fully comprehend.

Wildlife means much more than pristine things to observe out-of-doors. The functions of wildlife species in our environment are of far greater importance than aesthetic enjoyment. Human survival actually depends on the healthy perpetuity of our flora and fauna in all their numerous and interdependent forms.

Hunting also means more than recreation. This activity in itself is a needed conservation control measure for certain species which affect other important species. Man now has to do the work of more efficient wild predators which he has driven away as he rushed headlong into man-made progress.

Ecology and conservation are "in things" to become involved with today, individually, locally, and at state and federal levels. If sound ecology and a relatively unpolluted world are to be realized, the present great volume of lip service being given to these subjects will have to materialize in well-considered actions in the immediate future.

The season's schedule of week-end night, and holiday baseball telecasts will be announced soon.

Roller Derby League Returns to Coliseum

The International Roller Derby League returns to the Eastern States Coliseum, West Springfield, on Wednesday, April 1, at 8 p.m.

The Roller Derby Tournament of Champions moves into its second round and the San Francisco Bombers now meet the powerful Midwest Pioneers.

The Bombers turned back the Northeast Braves at the Coliseum before a turn-away crowd at the Coliseum last month. Coach Charlie O'Connell and his distaff captain Margie Naszlo will lead their squad onto the banked track to meet the Pioneers. Both mentors feel confident that they will be

able to turn back any threat put forth by the rapidly improving Pioneers.

Pre-Season Fishing

West Springfield Fish and Game Club announces a reminder was sent out to all interested in the West Springfield Fish and Game Club of Garden St. to pay their dues before April 1 in order to be eligible for the pre-season fishing. The dates for this pre-season fishing are April 4 and 5 and April 11 and 12th. The Committee on this program has ordered mostly 11-12 inch trout but, also some real large ones. Get your dues in and be eligible for a fish dinner when you catch a whopper.

The next regular meeting is Monday, April 6, at 8 p.m. at the club. Come early so that you can see the new hall with new wood paneling and curtains.

People go on vacation to forget things, and when they open their bags, they find out they did.

OPP. WONDER MEATS

Now We Understand

This week I would like to comment on actions and reactions as they came to pass at the March 14th session of the annual Town meeting. Most particularly I am concerned about articles 6-7-10-11-12-13.

Article 6, sponsored by the Personnel Board asked for a re-evaluation of all job positions in the Town administration. Personally I was opposed to the expenditure of any money for this evaluation because I was sure that we could procure local talent capable of performing the task. We so often look for professionals outside our borders and fail to recognize our own versatility. Subsequent to these professional reviews we fall miserably in adhering to them and in reality our hard earned money is wasted. Personnel wanted it this way and so it will be. Watch closely for it's results.

Article 7, granted all Town employees, exclusive of School Dept. personnel, a 5% increase. Perhaps national indices will depict a cost of living increase greater than 5% but residents should remember that last year's increment was in excess of the cost of living so we believed that the combined raises of the last two years would keep our employees on a par with cost of living changes.

Articles 10 & 11, requested raises for our Police and Fire Chiefs respectively. They were "check-valve" articles used to assure a variance between the two chiefs and their staff should the staff have been given raises in separate articles. Both articles 10 & 11 were defeated.

Articles 12 & 13, if passed, would have given additional raises to police and fire personnel in excess of the above mentioned 5%. If these articles had been approved it is obvious that the Town meeting would have been more generous to these two divisions than to other Town employees. I am pleased that it was so decided at this time. It would have been unfortunate for those less organized than the police and fire contingents to have suffered the discrepancies which have continued for several years and always in favor of the police department.

The Board of Selectmen must play a dual role in this yearly scuffle for pay raises. As Police Commissioners, they are obligated to assure their employees of a fair wage for a job well done and should continue to earn their confidence if the department is to continue to have good rapport. However, we also owe an obligation to the taxpayer. We cannot continue to sponsor pay raises for any personnel simply to gain their favor. If policemen and firemen are underpaid in relation to like groups in this region then Article 6 of this warrant should help to make the correction.

For the record, of the some 82 men associated with DPW, Fire and Police, only a few received less than \$8000 for the year 1969. Fifteen of them received more for income outside the Town payrolls. Some of this salary was due to overtime at a "time and one-half" rate. We cannot deny them pay

for overtime but what about the rate?

I, too, work outside of school teaching but when I am finished my school work I don't begin work at a "time and one-half" rate. If anyone finds it necessary to do more than his regular job to maintain his chosen standard of living and he is willing to do just that, then more power to him for his courage. But, why ask the taxpayer to support it at a "time and one-half" rate? I know of more than one office in this Town administration wherein employees work more than their regular weekly schedule and receive no overtime whatsoever, and I have never heard them complain.

At times, this pleading is no more than selfishness. It is a surprise to me to find that those whom the Town meeting failed to separately support have chosen to become vindictive. This can be noted in the Holyoke St. Patrick's Parade when we paid tribute to a great American, General Abrams, an Agawam man, and Agawam Firemen and Policemen whom we asked, as volunteers, to assist failed to make an appearance. Are you surprised? Sincerely,

George L. Reynolds, Selectman
